

# Has everyone in Hollywood had her lips done?

Stars are puckering up in a big way! *Life & Style* asks top plastic surgeons who they think is getting a little extra lip service

Is she kissing married life goodbye with larger lips? An insider close to **Jessica Simpson**, 25, claims the star recently had her pout plumped. Dr. Paul Parker, a plastic surgeon in Paramus, N.J., agrees. "Her lips look like they've been blown up," says Dr. Parker, who suspects that Restylane injections (about \$500 a pop) are responsible.

## Lip tip!

How to spot an all-natural pout? The lower lip should be one-and-a-half times larger than the upper lip, says Dr. Anthony Youn.

The plastic surgeons consulted for this story submitted their expert opinions after reviewing the featured stars' pictures. The doctors have not personally treated any of the celebrities in this story.
