

Keith's \$48,000 gift for Nicole

Hey, Nicole Kidman — stop reading if you want to be surprised. Nicole's hubby, Keith Urban, bought her what he called a stocking stuffer — a \$48,000 gold-and-diamond Jean Schlumberger bracelet from Tiffany & Co. in Beverly Hills on December 3. A witness says Keith and a pal were whisked to a VIP viewing salon where they looked at various items before choosing the bracelet. "Keith made it clear that this was only one of many gifts for his wife," the insider says. "He hinted that he would spend \$1 million on her this year."

Did Madonna have eye surgery?

When Madonna was spotted out in NYC on December 9 wearing pink glasses and sporting bruises under her eyes, it prompted speculation that the Material Girl, 49, might have gotten a nip or tuck. "The most common cause of black eye is trauma," celebrity plastic surgeon Anthony Youn, who doesn't treat the star, tells *In Touch*. "But if that is taken out of the picture, the most likely cause is a lower eyelid lift. That is a very common surgery for women her age. Bruises last about two to three weeks and it costs about \$4,000." A rep for Madonna denies she has had surgery.
